## DETAILED ACTION

1. Applicants' amendment and response filed 11/20/2003 in response to Office Action mailed 05/20/2003 is acknowledged and entered. The text of those sections of Title 35 U.S. Code not included in this action can be found in a prior Office action.
2. Claims 1-82 are pending
3. Claims 81-82 have been previously withdrawn as non-elected Claims (See Office Action mailed 05/20/2003). Examiner suggests that the non-elected claims cited *supra* be canceled in response to this Office action to expedite prosecution.
4. Claims 1-80 are examined on merits.

### ***Claim Rejections Under 35 U.S.C. § 103(a)***

5. Claims 1-80 stand rejected under 35 U.S.C. § 103 (a) as obvious over Cope (U.S. Patent 5,330,972) in view of Clark et al. (U.S. Patent 5,837,256) and Yang et al. (U.S.2002/0025360).

In response to the rejections to Claims 1-80 in Office Action mailed 05/20/2003, applicants argue that the claimed invention is unobvious over the cited reference taken either alone or in combination, because the cited reference does not disclose or suggest, or provide motivation to arrive at the presently claimed invention. This argument is not deemed to be persuasive because of the reasons of record in item 11 at pages 4 and 5 of the Office Action mailed 05/20/2003. Additionally, the fact that each one of the cited references teaches a nutritional composition, regardless of their functional intended use is a motivation to combine them. Moreover, the functional intended use of a composition is not patentable.

In response to applicants' argument that there is no suggestion to combine the references, the examiner recognizes that obviousness can only be established by combining or modifying the teachings of the prior art to produce the claimed invention where there is some teaching, suggestion, or motivation to do so found either in the references themselves or in the knowledge generally available to one of ordinary skill in the art. See *In re Fine*, 837 F.2d 1071, 5 USPQ2d 1596 (Fed. Cir. 1988) and *In re Jones*, 958 F.2d 347, 21 USPQ2d 1941 (Fed. Cir.

1992). In this case, those reasons are as cited *supra* and in Office Action mailed 05/20/2003. Furthermore, a rejection under 35 U.S.C. § 103 (a) based upon the combination of references is not deficient solely because the references are combined based upon a reason or technical consideration which is different from that which resulted in the claimed invention (*Ex parte Raychem Corp*, 17 U.S.P.Q. 2d 1417).

In response to applicant's argument that the examiner's conclusion of obviousness is based upon improper hindsight reasoning, it must be recognized that any judgment on obviousness is in a sense necessarily a reconstruction based upon hindsight reasoning. But so long as it takes into account only knowledge which was within the level of ordinary skill at the time the claimed invention was made, and does not include knowledge gleaned only from the applicant's disclosure, such a reconstruction is proper. See *In re McLaughlin*, 443 F.2d 1392, 170 USPQ 209 (CCPA 1971).

In response to applicants' arguments against the references individually, one cannot show non-obviousness by attacking references individually where the rejections are based on combinations of references. See *In re Keller*, 642 F.2d 413, 208 USPQ 871 (CCPA 1981); *In re Merck & Co.*, 800 F.2d 1091, 231 USPQ 375 (Fed. Cir. 1986).

Thus, applicants' arguments have been fully considered but are not persuasive for the reasons cited *supra*.

### **CONCLUSION**

6. THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the

statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.

7. No Claims are allowed.
